Children in Wales  
Plant yng Nghymru

## **Cymru Ifanc - Young Wales is a new project funded by the Welsh Government to help young people get their voices heard**

### **Project launch**

Cymru Ifanc - Young Wales is being launched on Friday, 27 March 2015, as part of a day of activities with young people.

We have already been visiting groups across Wales to find out about current work, and at the launch event representatives from each forum will discuss all the issues and decide on their national priorities for the year. They will then meet with the Welsh Government to reveal those priorities and the reason for their choices.

The new Cymru Ifanc - Young Wales website will also be launched as part of the day. We will be filming the event and producing a short film.

### **Abuse At Home You're Not Alone**

The Abuse At Home You're Not Alone conference was organised by young people from Carmarthenshire Youth Council.

The day included speeches and workshops with over 150 young people, and a theatre forum discussion, led by Mess Up The Mess.

The report includes a summary of the day and all the young people's voices and ideas, and can be seen at:
