

**Children in Wales**  
**Plant yng Nghymru**

## **KEEP KIDS SAFE TOOLKIT**

### **The USB Resource**

Your USB resource is formatted into English and Welsh and then into monthly sections (12 in total). Each of the 12 months includes:

#### **Team brief**

Provides your team with background information on the monthly topic and the advice to give to parents. Designed to be delivered during team meetings or to hand out directly to practitioners.

#### **Supporting actions**

Suggestions on actions your organisation can take to support the monthly safety message, including modelling good practice/behaviour in your settings.

#### **Twitter message**

Suitable for parents, staff and followers of your organisation. Simply copy the text and tweet it at the start of each month.

#### **Text message**

Suitable for parents, these text messages have been developed to support those on the calendar. Copy the text and send these out on the 1<sup>st</sup> of the month to reinforce the calendar message.

#### **Face book message**

Designed to support the calendar messages. Just cut and paste to add this to your organisation's face book page on the 1<sup>st</sup> of every month.

#### **Face book image**

Ready to go, simply upload the image and the supporting message onto your face book page.

#### **Ten Minute Tips**

This step-by step 10 minute session plan gives practitioners the knowledge and confidence to deliver a topic specific session to parents. Includes all exercises and handouts where appropriate.

#### **A5 poster (pdf format)** **A4 poster (pdf format)** **A3 poster (pdf format)**

These full colour images replicate those seen on the calendar at home by parents, again, reinforcing the safety message. Simply choose which size is appropriate for you, download, print off and display around your settings, in parenting packs/information or even further afield.
