

THE PRICE OF PUPIL POVERTY

Call out for Best Practice and Innovative Ideas:

We would like to hear from schools on the innovative ways you are adapting to ensure pupils from low income and disadvantaged families are getting the help and support they need during Covid -19.

Schools have already evidenced their commitment and compassion towards learners needs and much is already being done.

We recognise that this is a stressful time for all and everyone is trying their best, among the many difficulties that face us during this uncertain time.

Whilst there are many barriers there is also examples of new methods and innovative ways of overcoming such barriers that schools are putting in place.

Some of which include distributing digital devices to those families in need in order to access online resources to a weekly distribution of reading books to pupils from the school library.

We want to hear from you!

What great work is taking place in your school?

What are you doing differently?

What new ways of working are delivering promising results?

Your examples will be used to inform further recommendations of the price of pupil poverty guides.

The recently developed Price of Pupil Poverty guides for schools in Wales, designed in Wales, raise awareness of pupil poverty and sets out the impact poverty has on a child's day to day life in a school setting, and provides tangible and cost effective solutions that can contribute to improved learner well-being.

The full guides can be found on the Welsh Government's Education Hwb website - <https://bit.ly/2uZCZ9w>

You can complete the following form to provide us with details or you can just send us a short paragraph. For further information on the main guides and the project or to send us your info please contact: kate.thomas@childreninwales.org.uk or visit <https://bit.ly/2xQ0NOX>

THE PRICE OF PUPIL POVERTY

Call out for Best Practice and Innovative Ideas: We would like to hear from schools on the innovative ways you are adapting to ensure pupils from low income and disadvantaged families are getting the help and support they need during Covid -19.

Information about your school: (Please include name, address and Local Authority)

Description of effective or innovative Practice: (Please include why it was put in place/what was the need and if there have been any clear outcomes from the activity)

If you are happy for us to contact you for further info please provide contact name and e-mail address:
