

THE PRICE OF PUPIL POVERTY

Taking a whole school approach to improving the wellbeing of children from lower income families

INFORMATION SHEETS Guides 1 - 5

The following information sheets provide a summary of the five Price of Pupil Poverty Guides.

They highlight the main impact on a learner's wellbeing, provide key areas for consideration and some quick solutions to possible barriers that learners from lower income families can experience in a school setting.

These information sheets can offer a snapshot of the guides and help to introduce each one, with its theme, to members of staff within the school.

They can also help to start some conversations and discussions around poverty and suggest what schools can do to develop an action plan in line with the guidance.

The guides can be found on the Welsh Government's Education website: [HWB](#)
