# Our courses

Children in Wales provides a range of training courses which aim to promote an integrated approach for all those working in the statutory, third and independent sectors.

We have the expertise of our own specialist staff team, and a national network of individual experts in their field, to deliver high quality training events across Wales and beyond. Our training courses are aimed at people working in Wales and reflect the Welsh context, law and policy.

If you are interested in buying one of our training courses for your organisation, or developing a bespoke training day, Children in Wales can organise this for you. Courses are tailored to your organisation's specific requirements and we will provide a unique programme, an expert trainer and all the relevant materials.

Here is a list of the types of training available:

# Membership of Children in Wales

Children in Wales is a membership organisation and members include both organisations and individuals who are interested in improving the lives of children, young people and families in Wales. Membership is a practical and valuable resource and as a member you could expect to receive:

- Substantial discounts to all conferences, events and training courses
- Subscriptions to regular e-briefings on policy developments and a range of specialist topics, including child poverty
- An electronic copy of our quarterly membership magazine
- Free advertising of all your job vacancies and events on our website
- Networking with and being supported by other, like-minded agencies
- The opportunity to be involved in influencing policy within local and national bodies such as local government and health boards, Welsh and UK Governments

Here's what one of our recent members said about membership:

Our school and staff have benefitted enormously from our membership with Children in Wales. It has helped us with our professional research around what's best for our children. Children in Wales has facilitated fantastic training opportunities, shared invaluable information and challenged our thinking. As a result, Millbrook has continued to evaluate and improve its provision for all learners effectively.

Lindsey Watkins, Headteacher, Millbrook Primary School,  
Newport

Why not visit [www.childreninwales.org.uk/membership](http://www.childreninwales.org.uk/membership) to find out more about our membership scheme and see how it can work for you? You could also give us a ring on **029 2034 2434**
