Setting the Scene

Prosperity for All – The National Strategy

Based on the Future Generations Well-being Goals:

- Prosperous and Secure
 - Healthy and Active
- Ambitious and Learning
- United and Connected

“Prosperity is not just about material wealth – it’s about every one of us having a good quality of life and living in strong, safe communities”

5 Crosscutting Priorities

- Early Years
- Housing
- Social Care
- Better Mental Health
- Skills and Employability

Wellbeing Assessments

Undertaken by Public Service Boards across Wales based on the Sustainable Development Principle:

5 Ways of Working

- Long Term
- Integration
- Involvement
- Collaboration
- Prevention

Sustainable Development Principle

Development that meets the needs of the present without compromising the ability of future generations to meet their own needs:

Long Term - The importance of balancing short-term needs with the need to safeguard the ability to also meet long-term needs.

Prevention - How acting to prevent problems occurring or getting worse may help public bodies meet their objectives.

Integration - Considering how the public body's well-being objectives may impact upon each of the well-being goals, on their other objectives, or on the objectives of other public bodies.

Collaboration - Acting in collaboration with any other person (or different parts of the body itself) that could help the body to meet its well-being objectives.

Involvement - The importance of involving people with an interest in achieving the well-being goals, and ensuring that those people reflect the diversity of the area which the body serves.

CLOSE OF EVENT
DIGWYDDIAD YN GORFFEN
Thank You/Diolch
